

# A Complete Refueling Solution

**GOFLO**®  
CNG80

**GOFILL**®

## *No Electricity Required*

The GoFLO® CNG80 compressor and the GoFILL® refueler provide operators with a completely self-contained natural gas refueling station that runs on low-pressure natural gas.

- » Fuel Source: Natural Gas
- » Inlet Pressure: 5 – 20 psig
- » Outlet Pressure: up to 3,600 psig
- » Fueling Capacity: 20 – 40 GGE's/hour
- » Fuel Consumption: ~8% of CNG
- » Sound Level: < 85 dBA @ 10 feet
- » Digital display of key performance data
- » Auto-start and stop capabilities
- » Fuel up to 4 vehicles at the same time
- » Scalable to accommodate additional vehicles
- » Permanent, temporary or remote applications
- » Fuel metering and usage reporting *(optional)*
- » Two-way cellular communications *(optional)*
- » 24 x 7 Remote Monitoring *(optional)*

# Cost-Effective Onsite Refueling Stations

- » **Easy to Deploy** – Station can be set up and commissioned in one day.
- » **Mobile** – Deploy onsite fueling anywhere a natural gas supply is accessible.
- » **Scalable** – Can be expanded as fueling needs grow.
- » **Resilient** – Operates when the electrical grid is down.

Fueling posts may be positioned at different locations on the GoFILL<sup>®</sup> refueler to accommodate multiple layout options.

**12-month parts and labor warranty in the standard package**

Service and support contracts available
