

# A Complete Refueling Station

**GOFLC** →  
CNG80

**GOFILL** →

## *No Electricity Required*

The GoFLO® CNG80 compressor and the GoFILL® refueler provide operators with a completely self-contained natural gas refueling station that runs on low-pressure natural gas.

- + Fuel Source: Natural Gas
- + Inlet Pressure: 5 – 20 psi
- + Gas Outlet Pressure: up to 3,600 psi
- + Fueling Capacity: 20 – 40 GGE's/hour
- + Fuel Consumption: ~8% of CNG
- + Sound Level: < 85 dBA @ 10 feet
- + 24 x 7 Remote Monitoring
- + Fuel up to 4 vehicles at the same time
- + Digital display of key performance data
- + Fuel metering and usage reporting
- + Two-way cellular communications
- + Auto-start and stop capabilities
- + Can scale to accommodate additional vehicles
- + Permanent, temporary or remote applications

# Cost-Effective Onsite Refueling Stations

- ⊕ **Easy to Deploy** – Station can be set up and commissioned in one day.
- ⊕ **Mobile** – Deploy onsite fueling anywhere a natural gas supply is accessible.

- ⊕ **Scalable** – Can be expanded as fueling needs grow.
- ⊕ **Resilient** – Operates when the electrical grid is down.

Fueling posts may be positioned at three different locations on the GoFILL to accommodate multiple layout options.

## 24/7 Service and Support Included

12-month parts and labor warranty in the standard package  
Service and support contracts available
